

Help Shape the Future of Housing in Sonoma County

The RED Housing Fund Board of Directors is now accepting applications.
Application deadline is June 9th.

Ideal candidates will be qualified to represent the community as well as the Fund. Selected Board members will be able to provide strategic and organizational direction and guidance, while also being able to evaluate credit decisions. Individuals selected will possess skillsets or experience that complement the Fund's goals. Examples from the private sector include: senior personnel from a credit union, accounting firm, or foundation, persons with real estate development experience, or senior staff at lending institutions and investment firms that finance affordable and market rate housing. Examples from the public sector could include: a senior employee of a housing authority, economic development division, community development department, or other relevant agency.

The Board of the RHF will have to balance several competing objectives, such as aligning itself with the goals and project criteria of the RED, while also promoting private investor confidence in the independence and ability of the Fund to make strong credit and programmatic decisions.

RHF Directors are volunteers who are willing to serve their community without compensation. The ability to meet on short notice will be beneficial to the Fund's objective to accelerate the production of housing. Board members should be prepared to meet regularly over the next several months and would be expected to review materials in advance of meetings.

To apply, please complete the application found here and return with a statement of qualifications (two to three pages in length) by 5:00 on June 9, 2021 to: Michelle.Whitman@renewalenterprisedistrict.org

Thank you for considering this opportunity to serve our community. To learn more about the collaboration between the City of Santa Rosa and the County of Sonoma to increase smart housing in our communities, visit the RED Website.
